Partial View

Layout vs Partial View

Don't Repeat Yourself (DRY)

Layout

- Generella element för layout
- Återkommer på flera sidor (alla)
- Kan nästlas
- Handlar om utseendet

Partial View

- Logisk innehållsdel (ej layout)
- Återkommer på några sidor
- Är kopplad till sin förälder
– delar på modell

Partial View

- Återanvändning av Razor och HTML på många sidor
 - Partial view kopplas in i "föräldravyn"
 - `@await Html.PartialAsync("namnPåPartialVyn")`
 - Skicka med data
 - `@await Html.PartialAsync("namnPåPartialVyn", new string{"meddelande"})`
